CALIFORNIA NEWS ITEMS IN BRIEF

Paragraphs of Interest to Readers of Golden State

A new Methodist church planned in Yuba City.

The American Legion convention will be held in San Francisco in October, 1923.

Eastern services will be held this year around the cross erected in 1922 on the Sutter Buttes.

A police motorcycle corps will be established in Oakland in the near future to assist in the enforcement of traffic laws.

The Hutchinson Lumber Company has started operation on their huge electrical plant at Oroville with three giant saws.

The supervisors of Placer County have voted to appropriate one-third the amount necessary to build a $30,000 road from Colfax to Iowa Hill.

J. E. Morrow, superintendent of the United States plant introduction station, near Chico, has been elected president of the Chico Horticultural Society.

The contract for the construction of the unit of the Tahoe-Ukiah state highway between Colusa and Long Bridge, in Sutter County, will be completed as planned.

Rabies again appears to threaten Modoc county. A rabid coyote appeared in Fort Bidwell and bit a number of calves belonging to the Peterson Land and Livestock Company.

An oil storage tank covering an area of twenty acres, with a capacity of 1,750,000 barrels, is one of the latest construction tasks that has been undertaken in Southern California.

Charles R. Larimer, who served for some time as undersheriff of Glenn county under former Sheriff Newt Powers, died suddenly at his home in Willows of acute indigestion.

The Butte county board of supervisors has under advisement a petition of a delegation of Chico citizens, asking that a road be constructed between Doemill and the Humboldt road.

A new auto camp is to be established near Shasta Springs. It will be located on a seven-acre tract at the eastern intersection of the McCloud cut-off and the state highway.

George Howard of Yreka was fatally injured near Hilts when the automobile he was driving plunged off of the grade and crushed him beneath it. He died while being taken to the hospital at Hilts.

Thomas Othet, pioneer, died in Grass Valley last week at the age of 95 years. Othet crossed the plains to California in 1852 and opened a store in Grass Valley, conducting it for sixty-one years.

The largest passenger ship to ever sail the Pacific ocean, the palatial Canadian Pacific liner Empress of France, entered San Francisco harbor last week, carrying 803 passengers on a round-the-world cruise.

The postoffice department has announced the appointment of Mrs. Delight Brown as postmistress at Graniteville, Nevada County, and Mrs. Oletta Fay Dean as postmistress at Seneca, Plumas County.

Pleasanton is planning an annual community fiesta.

The fourth annual Easter sunrise services will be held at Auburn the morning of April 1.

The war department has approved plans for the Isleton bridge, according to announcement made.

The Grass Valley board of education has formally accepted the new $150,000 high school from the contractors.

Mrs. Martha Giannini, who had resided on a ranch at Cedar Ravine, near Placerville, for forty years, died last week.

The city of Antioch has been granted permission by the state water commission to take water from Sand Creek for municipal purposes.

The Taft city council is contemplating the erection of a new city hall, firehouse and jail and establishment of city dumping grounds.

Fire of undetermined origin has destroyed the Ukiah Masonic temple, a two-story frame structure. The damage is estimated at $21,000.

Installation by the Pacific Gas and Electric company of a water and light system for the Bedling addition adjoining Oroville, is practically completed.

Choicest seeds for flowers to beautify the Sonoma plaza have been contributed by Luther Burbank, plant scientist, in co-operating with the Sonoma Woman's Club.

A charter authorizing the establishment of the First National Bank of Richmond, Contra Costa county, has been asked of the comptroller of currency by E. M. Tilden of Richmond. The capital is $100,000.

Mrs. Mae Nolan, California's newly elected congresswoman, departed from San Francisco for Washington to take the seat in the House of Representatives which was made vacant by the death of her husband, John I. Nolan.

Struck by a huge boulder, which rolled down upon him where he was working, Harry Cochrane, 36, Folsom convict, died a few hours after at a convict construction camp sixty-five miles above Redding on the Eureka road.

The board of supervisors have overruled the objections of the Kullman-Salz Tanning Company of Benicia to the levying of $125,000 assessment for the purposes of reclaiming land included in the Benicia Reclamation District.

According to autopsy surgeons, carbon monoxide gas caused the deaths at Los Angeles of Joseph Picaux, Mrs. Bessie Lee and Mrs. A. Northey, whose bodies were found in Mrs. Northey's home in the southeast section of the city last week.

Trapped in a burning cabin in the rear of his home, following an early morning explosion, Emil Schwab, rancher, owes his life to the presence of mind of his aged mother, who, with her hands, beat out the flames enveloping his body.

The Lodi lodge of Odd Fellows recently celebrated the paying off of a mortgage of thirty-four years' standing with special ceremonies. The mortgage was burned by Reuben Pixley, the only living charter member of the lodge, which was founded forty years ago.

An estimate of $188,000, exceeding the original estimate of $13,000, has been made by the supervising engineer as the probable cost of constructing the proposed cause·ay to connect the new Feather River bridge at Nicolaus in Sutter county with the west levee of the river.

NEW RO... ...ED

Highway Commissioners Outline Work Program

A program of work proposed by the state highway commission on roads in northern California has been announced by W. F. Mixon, secretary. The program was formulated following a five day trip over the roads by the commission.

Salient points of the program to be taken up in regular order were as follows:

First. Grading and gravelling of the highway from Gazelle to Grenada on which there are yet some rights of way to be obtained.

Second. Widening the grade from Hornbrook to the Oregon line to be standard 24 feet width.

Third. Straightening and widening the alignment from Redding to Dunsmuir.

Fourth. The Chief Engineer shall make a personal inspection of the proposed route from Redding to Weaverville relative to the Buck's grade, as compared with requests from residents of French Gulch for a rerouting.

Fifth. An agreement to move the convict camp now on the Klamath River to a point on the coast route as soon as practicable.

Sixth. To enter into agreement, if possible, with Tehama County relative to taking over certain bridges in that county contingent upon an agreement contributing to the cost of construction of the Cottonwood bridge. Negotiations will also be opened with the Supervisors of Shasta County in connection with the same structure.

Seventh. When possible, but probably in the future, to pave the ten miles from Redding to Bayha with concrete.

Mixon announced that the commission would leave shortly for southern California to inspect the Holtville-Yuma road and other highway projects there.

CORPORATION DEPT. WARNING

Concern Which Promises to Erect Plant Has Not Obtained Stock Selling Permit

Sacramento.—Reports from various parts of California regarding promotion activities of the Interstate Textile Manufacturing Company of Texas as to plans of the concern to construct and operate a textile mill somewhere in the northern part of the state, has prompted the state corporation department to issue a statement for the purpose of informing the public that the company has never secured nor applied for a permit to sell stock in California.

The statement also says that activities on the part of the company where it offers for sale, negotiates for the sale of or takes subscriptions for any securities of its own issue are in violation of the Blue Sky Law.

IRON HAND OF FRANCE

Will Take Drastic Measures Against Sabotage

Paris.—France plans to double her efforts, hitherto blocked by German resistance, to restore the railroads of the Ruhr valley to a satisfactory operating basis. French railroad workers to the number of 4523 have been quietly assembled, and will entrain for the affected district. This addition will more than double the number of volunteer railroaders there.

That the French are prepared to take drastic measures to prevent sabotage is evident from the order notifying the Ruhr Germans that all persons found damaging railroad property will be sentenced to death. Soldiers guarding the lines have been instructed to kill whenever trespassers fail to halt upon being challenged.

The extension of the Saar valley miners' strike into Lorraine is reported in advices from Metz, where coal production throughout the Ruhr is said to be only 10 per cent of normal.

"NO SUCH ANIMAL" NOW

Contingent Funds to Go in General Fund

Sacramento.—Published statements by Dr. Fred P. Clark, superintendent of the Stockton State Hospital, that he would be able to operate the hospital under the reduced Richardson budget, through the use of a contingent fund of $116,000, brought forth, the announcement that the State Board of Control plans to place all contingent funds and surplus funds of all institutions in the State's general fund. Contingent or surplus funds of the various institutions and commissions in bygone years have been built up through the exercise of thrift in handling appropriations allowed.

RUSH BILL FOR WARSHIPS

Washington.—The house rules committee voted to give privileged status to the administration bill carrying $6,500,000 for modernizing battleships to meet similar work done by Japan and Great Britain.

CAMPBELL—FEBRURY 22

CAMPBELL TO CELEBRATE ANNUAL OLD SETTLERS' DAY

An Enjoyable Program for Old and Young Has Been Arranged.

Campbell is making every preparation for her big annual day, Old Settlers' Day, February 22, when all the old and new settlers get better acquainted. The program committee has practically formulated the program for the day which will be a most interest-ign one from the boom of the first gun.

The day's entertainment will be given as follows with a possible change of a few numbers:

10:00 o'clock sharp at Campbell Auditorium.

Music ..... Campbell Boys' Band
Invocation ..... Rev. F. C. Farr
Address of Welcome ..... Chairman S. G. Rodeck
Vocal Duet ..... Mrs. Floyd A. Parton, Mrs. Stanley Hiller
Accompanist, Mrs. E. P. Cook
Address of the Day ..... Prominent Speaker
Vocal Duet ..... Mrs. F. A. Parton, Mrs. Hiller
Benediction ..... Rev. W. E. Eckles

1:30 P. M.—Athletic Field

Basebell ..... Benedicts vs. Bachelors

2:00 P. M.—Campbell Auditorium

Cornet Solo ..... Instructor Towner
Short Talk ..... G. E. Hyde
Musical Treat ..... Ferguson Quartett
Short Talks ..... S. G. Rodeck and Dr. C. N. Cooper
Music ..... Ferguson, et al

Following the baseball game the famous hi basketers will meet an alumni quint and a series of races and contests will be run off with appropriate prizes offered.

Hot coffee will be furnished those who wish to enjoy a picnic dinner and the Congregational Guild will serve cafeteria dinner at noon at the church parlors.

Herold Morton would like the married men who will play ball February 22nd to see him before that day if possible, otherwise he will be on the grounds at 1 o'clock to make arrangements, but he would like very much to have the team arranged for before that time.

ENTERTAINMENT IS COMPLETE SUCCESS

Last Thursday afternoon the Girls League of the High School staged an entertainment in the auditorium of the Grammar school.

The opening numbers were by Grant Taylor's orchestra, the members of which appeared in female costume and fairly brought down the house with their jazzy appearance. Robert Vincent was charming with a broad bandeau and many looped bow of tissue ribbon. Mr. Wegel was remarkable for the tilt of his hat which was quite the correct vamping angle. Robert Holmes was quite modestly attired in a tailored suit and sailor hat. Edgar Gerow wore a house dress with jacket and hat, while Grant Taylor's combination of flowing switches and embryo mustache was rather startling. Miss Irma Young was the only "safe and sane" member of the organization.

They played several orchestral numbers and Mr. Wegel gave two trombone solos, for one of which Robert Vincent played the piano accompaniment. Robert Holmes played a cornet solo with orchestral accompaniment.

Miss Frances Duncan gave a very pretty aesthetic dance and responded to an encore with an Irish jig, Miss Patricia Smith at the piano.

A very attractive number was a sextette which sang an introductory song and then danced a minuet. They were daintily costumed in colonial suits and gowns of white with red trimming and decorations. Those who took the part of the gallants were Olive Hanger, Margaret Moore and Dellis Freitas; the maids were Mary Devit, Marie Tumatre and Miss Jenkins.

A one act play was one of the main features of the entertainment. Scene, a dining room of Professor Knap's home. Characters—Professor Knap, Margaret Miller; Mrs. Reed, temporary housekeeper, Wilma Smith; Mrs. But-In, Florence Williams; Miss Mabel But-In, Alice Strom; Erestine, Stella Phinney; Freda, Swedish maid, Geraldine Delbon.

Miss Johnson had coached the play and for the amount of time spent upon it and the amount of absence on illness, it passed off very successfully.

L. S. MILLER BUYS GEO. ISBELL STOCK

Leon S. Miller was the purchaser of the Geo. Isbell stock which was sold Saturday at a Creditor's Sale, and he will reopen the store and conduct a similar business.

The store building is being remodelled and thoroughly renovated and painted inside and out and put into good condition. There will be the grocery department, a line of notions, with an ice cream and confectionery parlor.

Mr. and Mrs. Miller will conduct the business themselves and are adoptting "Quick Service" as their aim. They are both widely and favorably known and have every reason to anticipate a successful business.

TURN IN YOUR WAR SAVINGS CERTIFICATES

Secretary Mellon of the Treasury Department at Washington, D. C. states that of the $638,000,000 or thereabouts, of War Saving Certificates of the series of 1918, the total amount turned in or exchanged had reached about $500,000,000 by Jan .31, 1923. This leaves a value of about $138,000,000 still outstanding. Holders of these stamps are urged to present them promptly for the new Treasury Savings Certificates or for redemption.

If anyone is still holding these stamps they are losing money as the government has stopped paying interest now they are matured and the money should be reinvested in some way to be earning interest.

The students of the Campbell Union High School will hold a food sale Saturday forenoon, Feb. 17. at Gilson's meat market for the Library benefit. The sale is in charge of the P. T. A.

INTERESTING SESSION OF HI SCHOOL P. T. A.

An interesting session of the Campbell High School P. T. A. was held Tuesday afternoon. After a brief business meeting, during which the President, Mrs. M. E. Purmort, announced that the next meeting would be largely given over to a review of a book on Child Labor by Edwin Markham to be presented by Mrs. Shepard of Moreland District, the ladies adjourned to inspect the sewing exhibit.

There were many samples of excellent work, daintily made garments, stylish gowns, and very creditable millinery, all being specimens of first year work in this line and speaking well for both teacher and pupils.

Another interesting feature was the demonstration in the domestic science room, in culinary art. A group of girls, Florence Williams, Marie Purmort, Ada Smith, Catherine Farwell, Dorothy De Selle and Julia Scholing, had arranged attractive lunches, illustrating both the well balanced and opposite menus. and explained in scientific terms and manner why they were so. Attractive arrangement and dainty service was noticeable in all the exhibits, even those in which the number of calories and vitamines did not meet the proper requirements. A dainty tea table was waiting from which these young ladies, assisted by other membrs of the class, served delicious sandwiches, cakes and tea, all of their own making. The Valentine motif was effectively introduced in napkins, heart shaped confections, and so forth.

Altogether is was a very charming illustration of the work being done in our schools, and the guests tendered a hearty vote of thanks and appreciation to all who assisted in the pleasant and instructive entertainment.

PYLE CANNERY CHANGES HANDS

News of the pending purchase of the Pyle Cannery in San Jose by a new firm to be known as the Barron-Gray Packing Company has become known and a report appeared in the Sunday Mercury.

After Mr. Barron had severed his relations with the Ainsley Packing Co. he promised the Press the details of his new venture when arrangements were completed but the announcement was made from the other side.

The Pyle Cannery is located at Martha and Fifth Streets and is one of the oldest in the county. The new firm will handle canned fruit and vegetables and dried fruit, put out under their own labels.

The members of the firm are experienced businessmen, Mr. Barron has been sales manager of the J. C. Ainsley Packing Co. for a number of years, Ernest Gray of San Francisco, and George Sturges of San Jose.

Mr. Barron will continue his residence in Campbell and good wishes for the success of his business venture are extendd.

HISTORIC RELIC

The Smith Stationery Store will display in its window next week, for the Old Settlers' Day Celebration, Campbell's annual home coming, one of the earliest publications of "Washington's Farewell Address" printed in 1812. This antique contains the certificate of membership of the "Washington Benevolent Society of the County of Rensselaer" in 1813. The book is now the property of Dick Knappen, the great-great-grandson of the original owner, it having passed from father to son since that early day when our nation was young.

FRUIT GROWERS HOLD INTERESTING MEETING

A large number of the fruit growers of the Santa Clara Valley met at the Saratoga Foothill Club, Saratoga, Tuesday evening at 8 o'clock and a very pleasant and profitable evening was spent. The meeting was held under the auspices of the Farmers' Educational and Co-Operative Union, with R. V. Garrod as chairman. The first speaker of the evening was H. G. Coykendall, who spoke on the past, present and future of the California Prune and Apricot Growers Association, commencing with the organization of the association in 1917. Mr. Coykendall said: "With no capital at all with the exception of $200,000 of the growers' notes, the organization launched out into a twenty million dollar a year business—not even one warehouse in which to store our product and no packing houses in which to pack our products for market. We went to the Bankers of our vicinity, laid our plans before them and urged them to stand behind us in our undertaking, and I am glad to say that not one man failed to assist us. Today we are not bothered by the bankers asking the Association for the priviledge of lending them the money that the association might need.

"We have had difficulties, of course," Mr. Coykendall said, "In 1918 we were greatly damaged by an excess rainfall and then the great slump in 1920, prices went down and we had a hard fight as every corporation did, but the Fruit Growers Association of California weathered the storm better than any other during the slump of 1920. We have built up one of the greatest organizatons in California, and what is responsible for it? It is the result of standardization, honest and square dealing to grower, buyer and consumer. Before the Association was organized in 1918 there were 150,000 pounds of prunes used domestically, today there are 225,000 pounds used, an increase of 47 per cent." In conclusion Mr. Coykendall praised the growers for their loyalty to the Association and said that standardization, advertising, and loyalty of the growers were responsible for the great organization:

Miss R. G. Wallace, the sales manager, was introduced by the chairman, and she explained to the growers how the Association were able to sell their 200,000,000 pounds of prunes. "By an extensive educational campaign, the market has been greatly helped. We had to educate the people to eat prunes every day, we had to educate the retail grocer to sell more and that prunes were not a luxury but a staple product. Attractive 2 pound cartons were packed for the market and in this manner the market for prunes has greatly increased. We are going to sell prunes in China and South America. Educational advertising campaigns are to be launched in these two countries and prunes are to be packed in tin cans, vacuum pack, and sent to the foreign market. The eyes of the world are upon us," the sales manager said, "and we are going to press forward. We will sell all the prunes that the growers raise, if it is 500,000,000 pounds."

H. C. Dunlap, of the Field Department spoke for a few minutes on the problems confronting the organization department. "We started in 1918 with quite a number of krowers," he said, 'but more have been added from time to time, and today our membership is exceedingly large and the avreage increase has reached 75 per cent of all the prune and apricot acreage in the valley, which gives us 3 to 1 control. We expect to have 90 per cent of the acreage in a short while which will give us 9 to 1 control."

Mr. Dunlap praised the growers for their loyalty in the past and urged them to do all in their power to keep the organization up to the standard in the future.

Burt Langley spoke on the marketing of green fruit to the canneries. He stated: "We have 1000 members who sell their fruit green to the cannery. Our present contract expires with the close of this year and we are now organizing for another 5 years. We want to make our organization desirable, educate the growers to grow good fruit, and make the canneries clamor to get their fruit from our organization."

Amos Williams, of San Jose, was present and rendered a beautiful solo Miss Irma Hoffman rendered a whistling solo which was much enjoyed

Camp Fire Girls Organize

A group of eleven Grammar school girls, twelve years and over, have been organized into a Camp Fire group with Mrs. Geo. Miller as leader, and Miss Mace as assistant.

The girls have entered enthusiastically into the work of the organization and are striving to earn their honor beads.

UTAH LEGION ESTABLISHES BOY SCOUT CAMP

The National headquarters of the American Legion is passing along an idea for community service that has come in from Provo, Utah. The Legion post of that community is establishing one of the finest summer camps in America for the use of the Boy Scouts of the state of Utah.

A ten acre plot of land near Aspen Grove in Provo Canyon will be utilized, within the shadow of two mountains, Timpanogas and Roylance. This land was given to the Boy Scouts of America by the government several years ago but no attempt has been made hereto fore to use it. The War department will be asked to assist in lending tents and cots. Cook houses and storerooms will be built by the Legion and the camp will be laid out in strictly military style.

RANGERS WAR ON FOREST OUTLAWS

Forest Rangers last year killed 274 mountain lions, coyotes and bobcats in the National Forests of California, reports the United States Forest Service. The destruction of these forest outlaws will save many deer and other game, as well as thousands of dollars worth of live stock, all of which are preyed upon by these varmints. The Santa Barbara National Forest in Southern California heads the list with a kill of 105 coyotes, 53 wildcats and 41 mountain lions. The destruction of predatory animals is one of the many cooperative activities of the rangers in the interests of the users of the National Forests.

The Sacramento County Humane Society is to conduct a campaign of detection, aimed at dog poisoners, who have been killing dogs in Sacramento for the past few weeks.

Dr. T. J. Christian of Galt has tendered his resignation to the board of supervisors as county health officer, and asked that he be relieved from his duties as soon as possible.

Plans are under way for raising $25,000 to underwrite the centennial celebration of the founding of the Mission San Francisco de Solano, to be held June 30th to July 4th at Sonoma.

Sonoma county residents have decided to have an injunction suit instituted in the superior court to prevent removal of the speed bowl from Cotati, Sonoma county, to Hayward, Alameda county.

Frank B. Grant of Petaluma, who recently was arrested on a charge of violating the city prohibition ordinance, was found guilty, fined $500 and given a sentence of 120 days in the county jail.

The former home of the late John Muir, naturalist and author, was sold when Anthony Flambard, retired Martinez merchant, purchased the property for $6000. It consists of five acres in the Alhambra valley.

Mayor George E. Cryer of Los Angeles has made formal announcement that he would be a candidate at the May primaries for re-election. The primaries will be held May 1 and the municipal election June 5.

Ralph H. Clock of Long Beach has been commissioned judge of the Superior Court in Los Angeles county by Governor Richardson, to succeed Judge Myers, who was recently elevated to the Supreme Court bench.

The first Winter show of the Tehama County Poultry Association was brought to a successful close after running two days at the city hall in Red Bluff and attracting the interest of hundreds of persons who attended.

L. Pedeali, Southern Pacific shopman, was shot and injured by Tony Gaston, a fellow worker, at Roseville, following a quarrel over a crowbar. Pedeali was shot through the breast, the bullet entering his arm. He will recover.

Several different plans for financing the construction of the Mother Lode Highway surveyed through the historic mining camps between Auburn and Sonora, are provided for in bills now before the state senate and the assembly.

The Chamber of Commerce of Redlands will this year bend every effort to bring to a successful conclusion its campaign to get a main-line railroad through Redlands and also to establish here a new-type hotel for the benefit of winter tourists.

Shock more than injuries actually received are held by local physicians to be responsible for the death of Mrs. Mary E. McDermitt, prominent Knights Landing woman, who was killed in an automobile accident on the highway near Woodland.

A completely equipped moonshine distillery with a daily capacity of 100 gallons was seized last week in Weed by special federal operatives from the Klamath Indian Reservation, and R. N. Wilson, who was found in charge of the distilling plant, was arrested.

Esop Would Beat Us All

Steady Going Wins

If you want to know how to win the word contest that is exciting Campbell folk just now, read Esop's fable, "Hare and Tortoise."

In that famous race, the hare easily ran on ahead. Then he laid down for a sleep. While the hare thus enjoyed a long and comfortable nap, the tortoise crawled slowly past and won the event.

School children who want to get that $25, or the $15, or the $10, mustn't "lay down" on the job. Just as a savings account can be built up by economizing wherever possible, so a word list can be made long by steadily soarching for the words that may have been missed. Remember that if a list coming in the last day has one more word than a list coming in the 20th day or earlier, the longest list wins. Being early only counts in case of a tie. Keep on working. You may be the one to find the extra word that takes the prize.

QUESTIONS.

Some children ask about proper nouns, such as "Merle," or about words formed by adding the apostrophe, such as "can't." Do not use either of these classes of words. They will not count, But most other words that you are not sure of, put in anyway. The doubtful word might "get by" and win for you.

We have heard that at least one teacher is asking her pupils to learn the definitions of their words. That is good education. Be sure, most of all, that you know the definition of the word "Mercantile," as applied to bank names. Define it thus: "Mercantile, the name of 'our bank;' the bank we like; a branch of the best bank in California."

Pasturage for cows, $3.00 per month. Geo. E. Hyde & Co.

Mrs. C. B. Miracle and Mrs. M. J. Wilson have been among the flu victims this week.

Mr. and Mrs. E. R. Kennedy went to Stockton Wednesday on a business trip.

C. M. and I. L. Smith spent the week-end at Twin Lakes enjoying the surf breezes.

Mrs. H. C. Smith is recovering from a case of poisoning due to green onions sprayed with arsenic.

W. H. Stray resumed his duties at his insurance desk Tuesday after a week of "flu-joy" at home.

R. Engel writes from Long Beach that southern California is looking very good with plenty of fruit. He expects to return to Campbell next week.

Bobby Williams, who has been in very poor health for the past two years is very low. He is at the home of his parents on Kennedy Avenue and little hope of his rallying is held.

Manuel Homen, a resident of Kennedy avenue, passed away on Friday. He was a native of the Azores Islands, sixty-two years of age. Funeral services were held Monday and interment made at Santa Clara.

"Mac" McDougall, our congenial restauranteur, went to Mountain View to spend the holiday. While there he suddenly contracted the flu and has been unable to resume his duties at his counter for a few days.

D. S. Chambers, wife and baby of Santa Cruz, have arrived in our midst to make their home. Mr. Chambers has purchased the 8¼ acres on Payne avenue known as the John Pacheco property. A hearty welcome is extended all our new neighbors.

There will be a morning service in the Congregational church next Sunday. The Sunday School will convene at 9:45 a. m. followed by preaching at 11 a. m. The three Christian Endeavor Societies will meet in the church this coming Sunday. Though the church is not yet completed, a cordial welcome is extended to all our friennds. You will be comfortable as the heating system is complete.

W. Shumway, who will soon be one of Campbell's progressive business men, will open his automobile station with temporary quarters at the Orchard City Garage where I. H. Grim has courteously offered a portion of his plant until such time as the new building is completed. Car owners are assured of a testing and filling service equal to that given at any city station. Mr. Shumway has already refused several attractive cash offers for his newly acquired property and assured a Press representative that his faith in the growth of Campbell is such that he will begin building operations about the first of March.

Success is, we believe, a matter of causing folks to like to do business with you.

—Graham's Oblige-o-grams.

WE follow a very simple plan in the conduct of our meat market. We sell the freshest, choicest meats at a price that causes our patrons to feel that they are well treated.

MR. O-BLIGE ORCHARD CITY MARKET
PHONE: CAMPBELL 13
LAWRENCE & TUCKER, PROPS.

The local postoffice will be closed on Thursday, February 22, all day. The morning mails will be received and dispatched. Rural Carrier D. A. Yeager will attend the district convention of rural carriers at Hollister that day.

Cafeteria Luncheon will be served n the dining room of the Congregational church by the women of the Guild, during the noon hour on Thursday, February 22. Many people do not like to prepare a midday meal on Old Settler's Day and will enjoy this opportunity.

Valentine Day came and went Wednesday with scarcely a ripple on the surface except among the children. Exchange of valentine sentiments in either the old lace frilled picture style with sugar sentiments, or the more modern style of flowers and real sweets, is not prevalent in Campbell as yet.

Mrs. E. A. Priestly, of Hamilton Avenue, has the sympathy of friends in the death of her aged mother, Mrs. Catherine Godsil, who has made her home here for many years. Funeral services were held Wednesday at Los Gatos from the Place funeral home and the remains laid to rest in the Los Gatos cemetery.

The Methodist church was the meeting place for the rally of the Epworth League County Alliance, Tuesday evening. About two hundred and fifty of the county Leaguers were in attendance at the evening meeting, and nearly one hundred and fifty were present in time for the delicious supper which the Ladies Aid served. The meeting was full of enthusiasm and the young people were aroused to renewed zeal in their fforts.

YOUNG PEOPLE WED

Another couple of Campbell's young people decided to cast their lots together and on Monday evening were united in marriage. The Rev. F. C. Farr read the service for the young people, Edwin Mitchell, son of Mr. and Mrs. Wm. H. Mitchell, and Viola Mae Thompson, daughter of Mr. J. T. Thompson.

The wedding was a very quiet one, performed in the Centella Methodist church of San Jose.

Both the bride and groom are well known among the young people of the Campbell high school and are attendants of the Methodist church. Their many friends extend best wishes for their happiness and prosperity.

W. C. T. U.

The regular meeting of the W. C. T. U. was held Wednesday February 7, with Mrs. Kennedy. Following the usual business meeting, an article on Christian Citizenship was read by three members of the Union.

It has been deemed best to temporarily postpone Mrs. De Yo's meeting.

Our Union was represented at Mrs. Livingston's meeting last week by our president, Mrs. Wilson.

Campbell was the first Union to report reaching the goal set for February 17th. The goal set by the State was one-fourth of last year's members to pay their 1923 dues by that date. Campbell was over the top before February 1st.

The next meeting will be held Wednesday, February 21st with Mrs. Farley.

PUBLIC DISCUSSION OF PENDING LEGISLATION

A discussion of legislation pending at Sacramento, will take place at Moreland in the hall of the Women's Club on Tuesday evening, February 20 at eight o'clock. The speakers are to be Dr. A. E. Osborne, state senator, Hon. T. M. Wright, assemblyman, and Mr. J. J. McDonald of Milpitas. Such measures as water conservation for this valley, the agricultural minerals act, county fairs, and the Governor's budget will serve as points of discussion. Quarantine enforcement to protect our fruit industry will receive especial attention.

The meeting is a public one called by the Moreland local of the Prune Growers association. All voters and all interested in what is doing in Sacramento are urged to come.

OF INTEREST TO TAXPAYERS

The average cost to each resident in Santa Clara County will be $33.56 in taxes for the year 1922-1923, according to the statement issued today by the State Controller Ray L. Riley whose department has been busy for some time compiling data on tax burdens. Santa Clara County's total tax bill for the year 1922-1923 amounts to $3,552,041.03. Estimating the population to be one hundred five thousand eight hundred fifteen the per capita is $33.56.

According to Riley the tax levy includes the county levy of $1,921,502.57 and a special and district county levy of $1,005,079.25. The balance is made up of taxes for the city of Alviso amounting to $1,075.11; Gilroy, $23,462.40; Los Gatos, $35,109.21; Mayfield, $18,282.06; Morgan Hill, $6,932.03; Mountain View, $20,276.06; Palo Alto, $67,641.10; San Jose, $392,261.74; Santa Clara, $42,220.46; Sunnyvale, $18,198.31.

These amounts according to Controller Riley will be augmented by certain other receipts from different county sources and from moneys distributed to the different political subdivisions by the State, such as school moneys at the rate of $30.00 per pupil; motor vehicle moneys collected in the county, one- half of which is returned for use on highways.

IN THE space of a few generations we have traveled far from the self-sufficiency with which each family spun its own yarn, made its own soap, and wove its own cloth.

Today we each give a specialized service to the community, and depend on manufacturers, merchants, professional men and specialists for every kind of service or commodity we may need.

In line with this progress, the service of the modern funeral director not only includes the obvious duties of the undertaker but extends itself to some sixty or seventy details that require from a half minute's to a half day's time.

The fact that the great majority of the services are performed so unobtrusively that family and friends scarcely realize that they have to be done indicates the skill, sympathy, and completeness with which they are accomplished.

I. C. C. ANNULS COURT RULING

Conclusions on Rail Merger Subject to Review

Washington—The application of the Southern Pacific Company to retain its present control of the Central Pacific Railroad by ownership of its stock and lease of its lines was granted in full, by a decision of the Interstate Commerce Commission, given this week.

Although the Supreme Court in 1922, at the end of eleven years of litigation over the existing merger of the roads, held them to be a combination in restraint of competition and ordered them separated, the commission—with but one member dissenting—declared their maintained union was necessary in the interests of the Western states they traverse and the country as a whole.

Further, the majority declared the former policy of the Nation in demanding maintenance of competition above all other things in transportation service, had been reversed by the Congressional enactment of the transportation of 1920, permitting general consolidation of railroads under Government supervision. On this ground the maintenance of the merger of the two roads, nowithstanding the court's decree, was declared to be legally authorized, and advisable in view of public necessities.

The opinion pointed out, however, that the conclusions of the commission would be subject to review by the courts before they could become effective.

DAWSON, N. M. MINE DISASTER

Terrific Blast Wrecks New Mexico Pit

Dawson, N. M.—A terrific explosion that rocked the workings of soft coal mine No. 1 of the Phelps-Dodge Corporation here entombed 122 miners working inside.

The shattered depths of the mine had given up 70 dead miners at late reports. Within the subterranean tomb 50 miners still remain. It is more than a reasonable certainty that all have perished, according to officials.

The explosion occurred at 2:30 o'clock in the afternoon and tore away all of the heavy concrete work at the mouth of the main entry. Within a short time after the blast, rescue workers had cleared the debris from the mouth of the mine, and a rescue crew, led by W. D. Brennan, general manager of the mine, entered.

The cause of the explosion was a mystery. A statement by the company declared the mine was well sprinkled and was not gaseous.

The explosion was the second in the Phelps-Dodge property here, a similar accident in mine No. 2 wiping out 263 lives in 1913.

ALLIES THREATEN TURKEY

Warships in Harbor Ready to Retaliate

Athens.—Commanders of the allied warships in the harbor at Smyrna have warned the Turk commander they will bombard the city if the Turkish shore batteries fire upon the warships, said advices from Smyrna.

London.—It is reported from Constantinople that the Turks have extended their ban on foreign warships to Ismid, the entrance to which is said to have been mined like Smyrna.

London.—Great Britain is immovably determined not to move her warships from Turkish waters. The cabinet has decided to disregard all Turkish threats and ultimatums, according to a high foreign office official.

The same authority stated emphatically that the British answer to the Turkish saber rattling will be to send further reinforcements from Malta, which will reply vigorously to any hostile Turkish acts.

Washington. — Published explanations of the Turkish reasons for ordering foreign warcraft out of Smyrna harbor would indicate that it was not intended by the Angora government to include American or other neutral craft in this prohibition.

MANY PERISH IN MINE FIRE.

Mexico City—Fire in the Pinguco silver mine in the state of Guanajuato caused the death of a number of miners. Two bodies have been recovered. The Pinguco mine is one of the largest in Mexico.

Oroville—Ground has been broken here for what the builders say will be one of the largest olive packing plants in the United States. The plant is expected to cost approximately $100,000.

Buildings will be erected on a 12-acre tract just south of Oroville.

For the first time in many years San Francisco is to have an exhibition of Spring flowers, of garden, hothouse and wild flowers, the show taking place on April 20th and 21st. Many of the larger organizations, such as the Academy of Sciences, the two universities, State Horticultural Society, and others, are giving their active support to the plan. Eventually it is hoped that through the unified action of all these organizations, San Francisco will be able to make of the annual Spring flower show a fete similar to the tournament of roses in Portland or the similar show in Pasadena.

TO KILL MOUNTAIN LIONS ON MOUNT HAMILTON

Accompanied by his famous lion hunting dogs, State Lion Hunter J. C. Bruce left last Friday for the mountains in the vicinity of Mount Hamilton for the purpose of exterminating the mountain lions that recently have killed thousands of dollars worth of cattle.

Bruce and his dogs, accredited with killing nearly 300 mountain lions in various parts of the state, were brought to Santa Clara county through the efforts of the Santa Clara Cattlemen's association. The lion hunter and his pack of dogs will roam the mountains from Mount Hamilton to the Madrone Springs region. Lions have been especially troublesome in the latter area lately.

121 OUT OF 126 AUTOS STOELEN IN COUNTY ARE RESTORED

Exceptional efficiency of Santa Clara county officers in the recovery of stolen automobiles during the past year is shown by the records on file at the office of Sheriff George Lyle. The records show that out of 126 automobiles reported as stolen during 1922, 121 have been recovered. In addition to this record the sheriff's office has recovered sixteen cars stolen in San Francisco during the past year.

Fords seem to be preferred by the auto thieves, judging from the sheriff's records. Forty-six Fords were stolen in this county during 1922. Chandlers were next in the favor of the thieves, eighteen having been stolen. Fifteen Buicks, thirteen Chevrolets, eleven Studebakers and seven Dodges were also taken with the balance being distributed with a smaller percentage over various other makes of cars.

Stolen automobiles are kept track of by a special card index system in which all machines stolen and recovered are listed. Deputy Sheriff Harry N. Martin has charge of the stolen auto bureau of Sheriff Lyle's office.

City Marshal Baird and Deputy Sheriff Sullivan have given much aid toward making the above record possible.

Tobacco smokers caused nearly 50 per cent of the fires which occurred during 1922 on the Angeles National Forest in Southern California, according to statement made by the United States Forest Service.

SCHOOL BUDGET GETS 23 PER CENT INCREASE

Political educators under the barrage of Governor Friend W. Richardson's message are attempting to throw out a smoke screen of misrepresentation to cover the orgy of extravagance that has been rampant in educational circles in the past few years.

Education is not crippled, as is clearly stated in Governor Richardson's budget message. An increase of $8,618,627.60 or 23 per cent during the past two years is shown and the executive says: "The recommendations made for the schools are undoubtedly greater than they should be, but it has been my purpose to be liberal in the matter of education."

A majority of the instructors have noted the building up of this immense political machine with grave concern, and are in full accord with Governor Richardson, but they have hesitated in protesting for fear of inciting the wrath of the politicians, according to the statetment of a prominent high school principal.

If it is not convenient for you to get your fresh fruits and vegetables, why not put in your order with us.
